Kosovo Serb Assembly requests participation in negotiations with Unmik

KosovoCompromise Staff

Deputies of the Assembly of Serbian Municipalities of Kosovo concluded at a special session held on Monday that the negotiations held between the Serbian Ministry of Justice and UNMIK on the functioning of courts in northern Kosovo were not transparent and pointed out that “UNMIK must not mark the road to EULEX.”

The Assembly of Serbian Municipalities of Kosovo insists that its representatives should participate in the future negotiations on all issues.

The assembly adopted a proposal by Democratic Party MP Vitomir Milanovic from the village of Lesak that the Serbian parliament should call provincial elections in Kosovo-Metohija as soon as possible.
