Serbian Foreign Minister Vuk Jeremic is discussing on Friday in New York with UN officials the issue of reconfiguration of Unmik.

He will convey that Serbia will not oppose possible reconfiguration of the international civilian presence in Kosovo, provided it is carried out in keeping with the UN SC Resolution 1244 and Serbia's Constitution and is approved by the UN SC, the foreign ministry said.

Jeremic will reiterate that the international civilian presence in Kosovo must remain under UN aegis, be status neutral and respect Serbia's sovereignty and territorial integrity.

“This will be our position and it will not change”, Jeremic said ahead of the trip.

Meanwhile, in Pristina, Unmik spokesman Alexander Ivanko said talks between Unmik and Belgrade have intensified.
