Kosovo Serb Assembly: Eulex unacceptable because it is part of Ahtisaari's plan

The Assembly of the Kosovo Serb municipalities reiterated on Monday its opposition to the EU mission Eulex.

It said the signatures of dozens of thousands of Serbs from Kosovo on a petition against Eulex proved this opposition, and urged Belgrade not to accept it.

“The acceptance of Eulex by Belgrade would mean the indirect recognition of an independent state of Kosovo, which is clearly proved in the Article 10 of Ahtisaari's plan”, said Radovan Nacic, the president of the Assembly.
